About Company –

Schneider Electric, we believe access to energy and digital is a basic human right. We empower all to make the most of their energy and resources, ensuring *Life Is On* everywhere, for everyone, at every moment. We provide **energy and automation digital solutions** for **efficiency and sustainability**.

We have more than **135,000 people** serving our customers across **100 countries**, helping them to manage their energy and process in ways that are safe, reliable, efficient and sustainable. From the simplest of switches to complex operational systems, our technology, software and services improve the way our customers manage and automate their operations. Our connected technologies reshape industries, transform cities and enrich lives.

About the Scholarship program sponsored by Schneider Electric India Foundation:

We're on a journey to build the world's most inclusive company. Through **inclusive** policies, we create equal opportunities for all our employees; no matter who they are or where in the world they live. It is this spirit of inclusion that led us to build a **scholarship program**, that bestows upon bright and deserving young minds, monetary support for their academic course.
