**Job Title:** Talent Partner (Intern)

**Position Type:** Internship

**Location:** Gurgaon

### **Who We Are?**

At SOTI, we are committed to delivering best in class mobile and IoT device management solutions. We are looking for out of the box thinkers that appreciate the art of creating great software. To us, being visionary is more important than doing things the way they have always been done.

### **What We 're Looking For**

Our people are our most important resource. We are looking for a highly skilled Talent Partner (Intern) to become one of them, to make an impact and offer a unique value.

### **What is in it for you?**

**The People** - From our humble origins in our founder's basement, to our industry leading position today, SOTI has worked hard to foster a company culture that we can all believe in. A culture that emphasizes personal growth, continuous innovation, and fun.

**The Growth** - Our environment fosters new ideas, fresh perspectives, and the ability to take them over the goal line. SOTI is a fast-paced environment with a global reach that encourages you to make your mark and be part of something big!

**The Technology** - You will get the chance to work with leading edge technologies and take on complex and interesting projects, as part of highly collaborative and agile teams. You will work alongside SOTI's partners which include leading tech giants that will keep you on the cusp of emerging technologies.

### **What You 'll Do?**

- Responsible for building and maintaining a robust pipeline of local and international candidates for senior level positions primarily in our software development organization.
- Source active and passive candidates through employee referrals, networking and headhunting.
- Execute creative and out of the box sourcing strategies to uncover alternative candidate pools.
- Build a strong brand in the market, proactively networking, cold calling, and "deep dive" into passive candidate networks through various markets and channels.
- Perform phone screens, shortlists of candidates, conduct and lead the interview process, manage debriefs discussions and potentially offer processes.
- Partner with executives and managers to determine staffing needs and appropriate placement of candidates.
- Develop strong partnering relationships with the Talent Partner team as well as the overall People & Culture team.
- Partake in local and global recruitment projects and events.

### **Experience You 'll Bring**

- Multitasking and prioritization skills
- Presentation and facilitation skills
- Professionalism, discretion and confidentiality
- Analytical skills
- Post-secondary education in Human Resources or related discipline
- Ability to prioritize high volume of projects.
