Dear Prof. Rai,

Greetings from Action for Ability Development & Inclusion (AADI).

I write to introduce AADI, an established National level organization working for the rights of people with disability in Delhi-NCR, since 1978. As part of our work with young adults with disabilities, we run a livelihood program, Jeevika. This program aims at preparing persons with disabilities for the job market by strengthening their abilities and linking them with sensitized organizations for internship/ livelihood opportunities.

We have recently been interacting with employers in the PR industry for placements and have been offered opportunities to place deserving young candidates with disabilities who match the job requirements. Please let us know if you have students in current batches or alumni who may be seeking job opportunities for content writing, digital marketing, web/graphic designing, etc.

Please get back to my colleague Manjula (9971434937), copied above, or me (9810518201) for any further information.

We look forward to collaborating with your institute to the benefit of students with disabilities.

Thank you

Best regards

Charulekha

Head, Jeevika
