About Us

Founded in 2017, Ganit's journey began by collaborating with ambitious leaders to solve their diverse business problems by leveraging data. Headquartered in **New Jersey, USA** as well as **Chennai, India**, we assist decision-makers and industry leaders worldwide serving clients across North America, India, Europe, Africa, the Middle East and Oceania.

With a team of 300+ Data Scientists, Analysts and Data Engineers, Ganit provides cutting edge solutions at the intersection of hypotheses-based analytics, ML-driven AI, and new-data insights from smart devices. Our mission is to maximize decision-velocity and minimize decision-risk for ambitious enterprises by making data their voice and help them turn data into dollars.

Why Ganit?

Ganit is an equal employment opportunity employer, offering opportunities to all individuals, and our more-than-competitive salaries are among the highest in the industry. Our flat hierarchy ensures that everyone feels at home when approaching anyone for assistance or suggestions.

We are attuned to the future of employment; our unique system here at Ganit also includes a No-Bond Policy and an experimental No-Permission-Needed Leave Policy!

At Ganit, employees have the opportunity to interact regularly with some of the best and the brightest in the industry of Data Science. Our employees come from backgrounds and qualifications that speak for themselves, often scouted from top tier institutes around India.

In addition to all of the above, [Ganit has raised its' Pre-Series A funding round](#), and is poised for meteoric growth as new doors open up for our future – a future we would like to share with the best and brightest individuals.
