LEGATO OPPORTUNITY:

Associate Software Engineer

Calling all young and bright talent for our associate software engineer roles in Technology.

Accelerate your career

The Associate Software Engineer role with Legato Health Technologies is an entry level role. You will focus on research, design, implementation and management of software programs. The key expectations include writing and implementing efficient codes, identifying areas for modification in existing programs and subsequently developing these modifications, testing and evaluating new programs and providing support to production.

A world-class workspace for you

As part of a connected global team, you will work in a friendly and dynamic environment. Our comfortable and well-equipped offices has all amenities to support your growth and success with Legato:

- Agile workspaces
- Breakout and refreshment areas
- In-house gym

While you will be working from our offices in **Bengaluru/Hyderabad/Gurgaon**, your work will enable you to connect and collaborate with our dynamic teams in the US and Philippines. Join Legato, and you'll be joining the best in an always-moving industry.

Who we are

Legato Health Technologies is committed to transforming health care through operational excellence. We are constantly innovating technology, finding better solutions and efficient programs that give consumers greater access to healthcare, and working with providers to ensure quality healthcare experience for consumers. We are one of India's fastest growing GICs and a fully-owned subsidiary of **Anthem, Inc.**, one of the leading health benefits companies in the U.S. Our state-of-the-art facilities are designed to encourage and facilitate collaboration that enable our associates to thrive and optimize efficiencies. We are an organization that champions a winning culture.

We invest in your development and progress

Your development is as important to Legato as it is to you.

We work in a fast-paced project environment where change is constant. If you are up for the challenge:

You will have opportunities to try new things and broaden your skills.

You will get exposure to the executive team and avenues for new experiences.

You will get all support to develop your personal and professional skills.

You will be rewarded for hard work and commitment

A bouquet of benefits for you

Legato offers an attractive selection of benefits for you that also includes opportunities to be a part of the vibrant Legato culture that promotes, fun, sports, corporate responsibility and all forms of art.

- Health insurance for you plus 5 members in your family
- Term life insurance
- Career-focused technical and leadership training
