ABOUT THE CONFERENCE

Young Researchers' Conference (YRC, 2022), Directorate of International Affairs, Guru Gobind Singh Indraprastha University in collaboration with Jean Monnet Module and Centre for European Studies, Jawaharlal Nehru University is organizing an international conference on the theme - "**Changing Contours of Institutions and Practices: Comparing India and Europe**" on August 11th-12th, 2022. The genesis of the conference originates from the idea of an innovative vision and a spectrum of global events occurring throughout the world with special emphasis on Europe and India. India and Europe are multi-social developments that are rich storehouses of recollections, refinement, and values that are fully grown and ripe. It is expected that both India and Europe would assume an essential part in the present quickly changing and

globalizing world. India and Europe are conveyors of primary beliefs of unique pertinence to the present world, thoughts that require a mix of the antiquated and the contemporary, of the old and the new, of the past and the future. India and Europe are expected to play a significant role in imparting direction to a new world order brought out post-pandemic. Since young researchers and scholars shall play a significant role in building and structuring the new philosophies and ideas, it is imperative to understand and evaluate these new strategies from a fresh perspective. The conference shall delve into a new understanding of various issues ranging from politics, society, culture, environment, and management while merging it with the basic principles inherited.
