## What is Scaler Academy?

Scaler is an online transformative upskilling platform for working tech professionals. Our industry-vetted approach towards teaching & training young professionals not only helps them upskill but also **#CreateImpact** in the real world. We are devoted to creating an ecosystem that nurtures our learners and assists them in unlocking talent, skills & opportunities at every stage of their careers. Learners enrolled with us are taught, guided, and mentored by industry veterans and experts from leading tech organizations, including Google, Meta, Netflix, Microsoft, Amazon, Hotstar, Twitter, etc.

Founded by IIIT Hyderabad alums Anshuman Singh and Abhimanyu Saxena.

Pre-Scaler, Anshuman was working with Facebook in the USA office as a Technical Team Lead where he helped in building Facebook chats and messages, along with Messenger. He then moved to London to build Facebook's first office outside of the USA, which will work to automate the data ingestion framework. He is a competitive programmer and a two-time ACM ICPC World Finalist. Abhimanyu led a high-velocity team that designed NYC-based retail marketplace Fab.com's entire front end before joining Scaler as a co-founder. As a seasoned entrepreneur, Abhimanyu co-founded his first enterprise Daksh Home Automation System in his engineering days. He worked on developing a cost-effective and green AI system to reduce electricity consumption by at least 15% per household.

Scaler aims to effectively enhance the skills of tech professionals with an industry-vetted approach. We are on a mission to create 1M+ world-class tech professionals by providing them with **exceptional mentorship** and **relevant course material** to #CreateImpact.

Our teaching army (instructors + mentors) of veterans from Top Tech Giants, guide and mentor every learner, according to their individual pace. From preparing for interviews to helping them overcome their career hurdles, the assistance is provided via both **1:1 mentorship** and **group discussions**. Apart from that, the Scaler Community of Learners, Mentors, and Alumni grows stronger by the day as we exchange constructive feedback, guidance, referrals, and other career opportunities.

Our learners spend an average of 3-5 hours daily on the platform learning and upskilling. We provide them access to a **comprehensive curriculum**, **industry-relevant skills**, **Live Classes**, **Mock Interviews**, and **1:1 Mentorship** from over 1000

experts from established companies including Meta, Amazon, Google, Directi, and Microsoft. Combining all, we aim to bridge the gap between the Tech Industry and Tech Education.

Backed by **Sequoia**, **Tiger Global**, **GFC**, **Light Rock**, and **Rocket Internet**, Scaler is one of Asia's leading online tech-education firms valued at over \$710 million that aims to solve the tech talent gap worldwide through its market-leading products. In the last 12 months alone, Scaler has placed more students in Amazon than all IITs combined. The broader team is handpicked from leading firms such as Facebook, Google, Twitter, McKinsey, BCG, Sequoia Capital, Bain Capital, and Hotstar.

Scaler Has been featured on several occasions across various platforms such as **Business Insider**, **The Times of India**, **Forbes**, **The Hindu Business Line**, **Tech in Asia**, **Hindustan Times**, **Bloomberg** to name a few.

## What does the Business Development Role look like?

- As a BDA you are **reaching out to prospects** and guiding them through the existing tech-landscape
- With a **customer-centric approach**, you will **qualify their career goals** and identify how Scaler can help them.
- Following up with existing prospects to ensure that we are able to open up new realms of possibilities through the power of Scaler!
- Above all, a **committed attitude** towards the completion of daily inputs and outputs, with the goal of matching (and exceeding!) targets.

## Why is the BD role essential to Scaler's mission?

You will be a representative of Scaler across the country - an evangelist for Scaler's mission to transform the tech industry

You will directly contribute to the transformation of our country's workforce - your individual contributions will help India develop as a tech-superpower

You will help our customers jump into the era of coding excellence and abandon the dark ages of unstructured courses and failed interviews!

## What is the compensation for this role? Where will I work from?

Market-leading compensation up to INR 7 to 11 LPA post conversion after performance valuation from the trainee period with monthly uncapped incentives rollout based on performance.

Work out of our beautiful office in Bengaluru.

## What are the Good-to-Haves and Must-Haves for this role?

### **Must-Have**

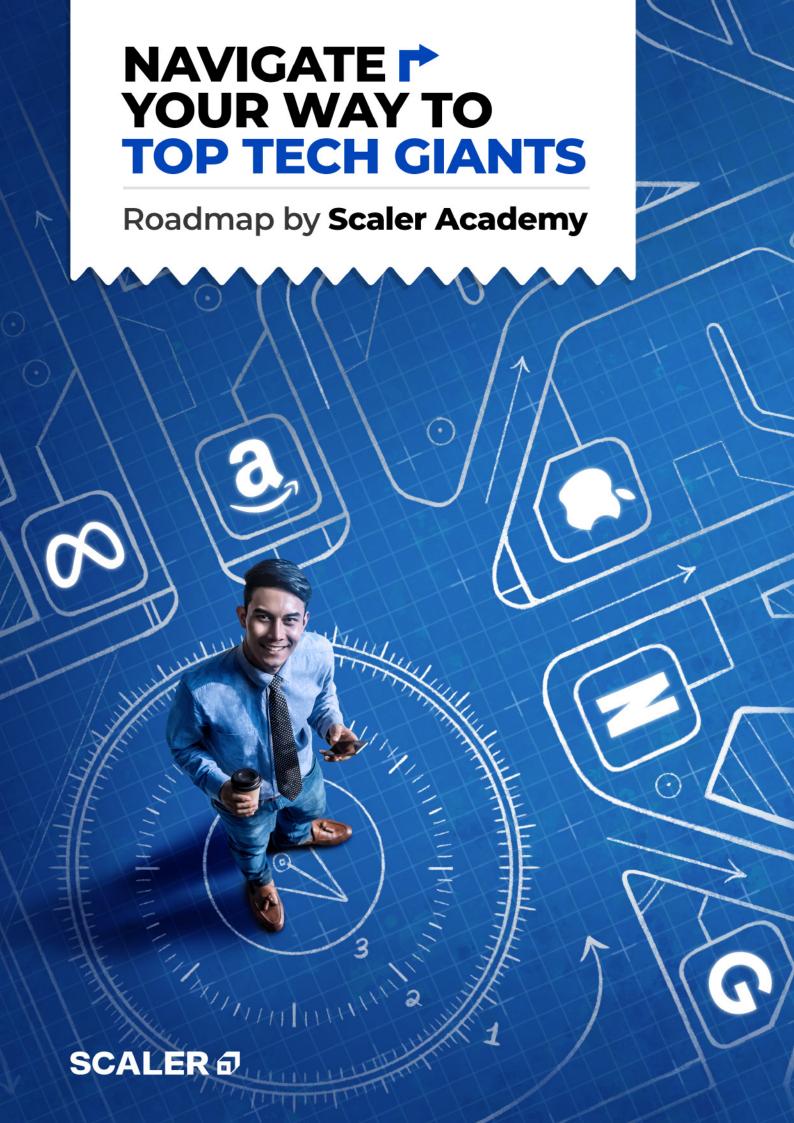

- Excellent and proficient verbal and written English communication skills
- A passion for sales and being target driven is a must
- Exceptional adaptability and learning agility
- Ethics and Integrity towards work
- Time Management
- Persistence and Resilience

### **Good-to-Have**

- Confidence
- Networking Skills
- Technological Aptitude
- Research and Market Awareness
- Self-Motivation and Resilience
- Persuasion and Influencing Skills

## **SUCCESS STORIES**

## Don't take our word for it, take theirs!

Anuj Maurya Wipro + Amazon
Software Developer

The quality of education in the academy boosted my skill level and pushed me. With their industry level experienced mock interviews and incredibly supportive mentors. Receiving an offer letter from Amazon before the completion of the entire course filled me with immense pleasure and boosted my confidence.

Priyanka Kumari in Infosys + Samsung
Lead Engineer

Thanks to Abhimanyu Saxena and Anshuman Singh for creating a wonderful learning platform. I would like to thank Kshitij Mishra Naman Bhalla Pragy Agarwal for their wonderful sessions. With their continuous efforts, the outcome is I got offers from World's leading companies. They made the software development journey so easy.

Akash Srivastava in TCS → Adobe
Software Engineer 2

Instead of being boxed into categories, we were encouraged to learn skills like dynamic programming and have fun. The mentor system is helpful for people like me who face difficulty finding the right guidance. I felt like I was articulating all my skills and investing my time in the right thing.

## **SUCCESS STORIES**

## Don't take our word for it, take theirs!

Yash Vardhan Raizada in L&T → Microsoft Software Engineer

I already had all the tools to find my way in the world, but Scaler and its faculty helped me understand how to use these tools. It also helped me form a framework to go for reputable jobs and curate my profile according to my strengths.

Sudhanshu Gera Wipro + Walmart SDE 3

The turning point in my career came when I joined Scaler which really helped me get well-versed in almost every aspect of #SoftwareDevelopment. Thanks to my mentors Rahul Yadav, Aman Mehta, Varun Garg, Anshuman Singh, Abhimanyu Saxena, Reetika Agrawal for guiding & supporting me enough to be working at the world's largest company by revenue.

I would like to thank Scaler without which this would not have been possible. Scaler is the best investment I have made towards my career. All credit goes to Abhimanyu Saxena & Anshuman Singh for creating such a wonderful platform, Scaler instructors. Thanks for their intuitive classes, and thorough explanation of concepts.
