The Opportunity

We are looking for highly motivated and talented fresh graduates to join our AI team as Entry-Level Artificial Intelligence Engineers. This is an excellent opportunity for individuals who are passionate about AI and eager to work with a team of experienced professionals to develop innovative solutions.

Job Location- Gurgaon

Key Responsibilities:

- Collaborate with the AI team to design, develop, and deploy machine learning models
- Work on data pre-processing, analysis and visualization using Python libraries such as Numpy, Pandas, and Matplotlib/Seaborn
- Implement and fine-tune machine learning algorithms using Scikit-learn
- Develop and train neural networks for various AI applications
- Assist in the preparation of technical reports and presentations

Required Skills:

- Proficiency in Python programming
- Understanding of Numpy and Pandas for data manipulation and analysis
- Exposure with Scikit-learn for machine learning model development
- Familiarity with Matplotlib or Seaborn for data visualization.
- Basic knowledge of neural networks and their implementation.

Good to Have:

- Understanding of unsupervised learning techniques.
- Experience with Natural Language Toolkit (nltk) for natural language processing.
- Familiarity with OpenCV for computer vision tasks.

About Unthinkable

[Unthinkable Solutions](#) is a new age custom software engineering company that believes in data driven software engineering which enables us to deliver stellar user-centric software products.

We are recommended by leading analysts such as Deloitte, Gartner, Everest, and Frost & Sullivan and are proud partners of more than 100 + innovative tech focused companies across the globe. With people-centricity as our core value and a culture driven by innovation, dynamism, continuous learning, and result-orientation, we have been certified twice as one of the GreatPlace To Work by the GPTW organization.

Unthinkable Solutions is an affiliate company of Daffodil Software, headquartered in Gurgaon with offices in US and UAE.
