(Dr. Nisha Singh)
Training and Placement Officer,
CCGPC, GGSIP University

About Us:

Backed by Fairfax, we are the fastest-growing insurance company in India with a mission to make insurance simple. We are visionaries on a mission to reshape the insurance landscape with technology-driven and transparent insurance solutions.

To name a few of our accolades:

- We are a Great Place to Work organization.
- We ranked 398th in the [Fortune 500 India List 2022](#)
- We are the fastest-growing General Insurance company
- We are one of the Top 10 Brands in India as per a report released by the Havas Group
- We had an amazing growth of more than 28% in premium for FY 23
- We became [India's first Unicorn](#) for the year 2021
- We achieved a 4.9 rating and 4.8 rating on Facebook and Google respectively with reviews from over 1.7 lakh people for an exceptional customer service.
- We have onboarded the captain himself, [Virat Kohli, as our Brand Ambassador](#). [Click here](#) to watch our recent ad campaign.
- We now have 75+ cosy workplaces in various cities in India.
- We have hired more than 1000 trainees since 2018 who have had an impeccable growth trajectory at Digit

About Our Trainee Program:

As a company, we believe in providing diverse roles and growth paths to nurture our trainees as we believe they will bring in a fresh perspective and zeal to revolutionise the industry. And hence, we intend to create a diverse pool of candidates from different academic backgrounds for all our teams. This campus hiring program marks the perfect platform for us to connect with the brightest minds from your campus and embark on a shared journey of growth and success.

We are hiring for Digit Insurance's two subsidiaries i.e. Digit General Insurance and Digit Life Insurance from across colleges. Your finalized entity will be informed to you near to or after the date of joining Digit Insurance.

What are we looking for?

To help us keep the wheel turning, we are looking for students in our Digit Trainee Program.

Why work with us?

Digit is revolutionizing the insurance space by using Technology. When we see something that could be improved, we work towards inventing the solution. At Digit, you will be at the forefront of such cutting-edge projects that redefine the future of Insurtech and provide you with ample opportunities to grow and pursue a career that matches your potential.

Digit Insurance

Digit's mission is to 'Make Insurance Simple'. We are reimagining products and redesigning processes to provide simple and transparent insurance solutions that matter to consumers. We are building a technology-driven platform that can offer customized products at reduced cost and provide great customer service. We are headquartered in Bangalore and the team is a great mix of industry veterans who know what's working and new-age technology specialists who know what could be improved.

As an industry, we don't excite many people, insurance is boring after all, right? Well, in that case, go through our Instagram page (@digitinsurance and @lifeatgodigit), or our website (www.godigit.com). You'll know why we are different!

Position Summary:

The Digit Graduate Trainee Program aims to build and nurture leadership talent for positions across divisions through the organization's accelerated learning program.

We have the following expectations from our trainees across any department:

- Learn all operations, management viewpoints, company policies, and practices that affect each phase of business and collaborate with other teams to meet the company objectives.
- Learn from live cases and business development opportunities.
- Set performance goals and objectives with upper management.

Job Opportunities:

We are looking to hire in the following departments:

- **Technology, Analytics & Data Science and Technology - Infra:** In this role, you will get the opportunity to work on the technologies like Java Microservices, Full Stack, Angular 6, Python, React Native, DB2, Machine Learning, Data Science, AI, ML, cloud-native architecture in AWS, Azure.

Want to know if you are the right fit? You most probably are if the answer is yes for the below:

- Proficient in Microsoft Office suite
- Intellectual curiosity, self-motivated and possess a positive attitude
- Demonstrate ability to solve problems and work independently as well within the team
- Detail-oriented with strong organizational, interpersonal, and communication skills
- Good academic record with a first-class throughout the academic year
- Wants to challenge the status quo and bring a unique perspective

In a nutshell, we are looking for rockstars who can effectively embody Digit and then whip up some magic. People who can change the stereotypes of how an insurance company works. People who can understand a business problem and not just take a brief.

What do we promise you?

A fun and friendly working environment where we would celebrate success. We will trust you to do what is best for the organization, customer, and yourself, in short, we won't have the mindset of policing you. We will provide you with fast-tracked opportunities to take up higher responsibilities as we grow.

Everyone's Welcome! – Our Equal Opportunity Policy

Digit is an equal opportunity employer – which means we don't discriminate based on:

- Age
- Physical features / Colour
- Cultural or social beliefs
- Educational background
- Race, ethnicity, or nationality
- Marital status
- Health or physical disability or impairment
- Sexual orientation
- Gender expression/identity, or any other such parameter
