13th March 2025

It is certified that the Greenhouse Gas (GHG) emissions associated with the operations of Guru Gobind Singh Indraprastha University, located in New Delhi, India, have been evaluated for the reporting period 2024–25. The evaluation has been carried out using internationally accepted methodologies, including the GHG Protocol and Bureau of Energy Efficiency (BEE) norms.

The estimated emissions are as follows:

Category	Description	Emissions (tCO ₂ e)
Scope 1 & 2 (Combined)	Direct and Indirect (Energy-Related) Emissions	2712
Scope 3	Other Indirect Emissions (Value Chain, Commuting, etc.)	247

These estimates reflect the emissions profile of the University's operations for the specified period and are based on robust emission factors, validated data, and relevant industry benchmarks.

This certification is issued for the purpose of sustainability reporting, regulatory compliance, and stakeholder communication.
