IMPORTANT INFORMATION FOR FACULTY

Subject: Announcement of High Risk - High Reward (Science and Engineering Research Board) 2017.

Science and Engineering Research Board (SERB) invites applications for High Risk – High Reward 2017 which aims to provide support to proposals that are conceptually new and risky which ‘**Out of the box**’ thinking on important problems and also expect to have a paradigm shifting influence on the Science and Technology. This results in formulating a new hypothesis or scientific breakthrough which aid in the emergence of new technologies. The grant covers equipment, manpower, consumables, travel and contingency, etc. Proposals that result in ‘**Incremental**’ knowledge will not be supported. **Ideally the proposal must contain bold research ideas which will have wide ranging impact and potential for new scientific and technological innovations.**

Last Date – 31st December 2017

Eligibility Criteria –

- Should be Indian citizen residing in India.
- Applicant must hold a regular academic/ research position in a recognized institution.
- The recognized institution.
- The proposal can be submitted by an individual or by a team. Proposals submitted by team of investigators must identify a principal investigation, who while spearhead the research objectives and administer the grant.

For more details please contact email – info@serbonline.in and Phone number – **011-4000398, 011-4000310.**

Interested faculty may kindly avail this opportunity as a team or individually.
