

Lalitya- The Fine Arts Club under Srijan

"Lalitya" is derived from the word "Lalit" which means elegant. In its holistic implication, "Lalitya" aspires to inculcate in us an aesthetic understanding of the world around us.

Lalitya is the fine Arts Club under "Srijan" the Indraprastha society for Creative Expressions. We are in the process of exploring and expanding the activities under the club. We propose to invite the students of USS and IGIT to become active members of the club. The student body would help us in meeting the objectives and organising activities in the days to come.

Applications are invited from the students for membership in the form of a brief bio-data, specifying their background, their creative interests and contact information by **28.11.2011**.

Dr. Deepshikha Agarwal^{22/11/11}
Convener, Lalitya
