

Indraprastha University Industry Interaction Cell
GGSSIP University, Room No.405, Block-D, Sector-16C, Dwarka, New Delhi- 110078

Date: 05th Mar. 2014

Invitation to Industry/Institutions

The Govt. of NCT of Delhi established its first University with the name **Guru Gobind Singh Indraprastha University (GGSIU)** in 1998. It is a **teaching and affiliating University** with the explicit objective of facilitating and promoting "studies, research and extension work in emerging areas of **higher education with focus on professional education, law etc.** The University is conducting more than 106 different programmes ranging from Undergraduate to Post-graduate and Doctoral programmes as well as super-specialty Medical education from its campus at Dwarka, New Delhi.

The Indraprastha University Industry Interaction Cell (IUIIC) has been established in 2013 to facilitate the interaction between Academia & Corporate in order to bridge the gap between the two.

We at University strongly believe that **the industry and academic institutions need to function to the mutual benefit of each other and co-exist to meet the ever increasing demand for competent professionals.** It is necessary that academic inputs given by the institutions must be complemented with industry inputs to enable the students to move from understanding to application of conceptual knowledge. In addition the attributes of pragmatic professionalism will be sharpened with industrial exposure. This will also help to cut down the training requirements (expenditure) of the newly recruited professionals by the industry. All the Stakeholders, namely: **Institutions, Industry, Students and Society stand to gain as it can be a win-win partnership for all.**

Some of the salient areas, we look forward to interface with the industry (but not limited to) are:-

- a) To extend an opportunity to students for Summer Internships, Live projects, Industry Visits, Extension Lectures, Placements etc. through industry experts.
- b) To assist in setting up of research chairs through endowments for joint research, corporate scholarships, organizing seminars/workshops/competition on relevant themes.
- c) To enter into MOU with university for joint research, field problem, solution, consultancy & corporate trainings etc.
- d) To organize MDP/EDP programmes in related areas.

We also extend an invitation to all organization/corporate entities to visit our campus at Dwarka, as per convenience. We would be happy to welcome you to our state of the art campus.

On behalf of the University, I also take the privilege of inviting you to be a part of the **Industry Interaction Cell and guide us from your vast experience. Kindly nominate one senior and responsible person**, to steer the above initiative from your organization.

For any additional information, you can write to: -

Prof. A.K. Saini, Director, Email: - aksaini1960@gmail.com, Ph No. 011-25302608 or

Jr. Assistant - Ms. Jyoti, Email: - director.iic@ipu.ac.in, Ph. No. 011-25302640

We look forward to your kind support.

(Prof. A.K. Saini)
Director, IUIIC
