EVENT REPORT

Cipher – Swachhata Abhiyan

Theme: "Clean Today, Sustain Tomorrow"

Organized by	Cipher – The Analytics Club, USMS, GGSIPU
Participants	MBA Analytics – 1st Year
Date	1 October 2026
Time	11:40 AM – 12:40 PM
Venue	Room No. D-410
Faculty Coordinator	Prof. Puneet Jain Sir
Scholars Present (Overseeing / Observing the Activity)	Harsha, Deepa, Divya, Avya
Event focused on	Waste Segregation

Introduction

Cipher – The Analytics Club, USMS, GGSIPU organized a Swachhata Abhiyan for the MBA Analytics 1st-year students under the theme "Clean Today, Sustain Tomorrow." The initiative aimed to create awareness about cleanliness, proper waste management, waste segregation, and sustainable practices that can be adopted in everyday life.

Event Proceedings

The event commenced with the gathering of MBA Analytics 1st-year students in Room D-410. A brief introduction to Cipher and the purpose of the Swachhata Abhiyan was given, highlighting the importance of individual responsibility in maintaining a clean and sustainable environment.

The first activity was an interactive PPT presentation titled "Know Your Waste." The session introduced students to the concept of waste segregation and responsible waste disposal. Students were familiarized with different categories of waste, including:

- Wet waste
- Dry waste
- Hazardous waste
- E-waste

along with the appropriate disposal methods for each category.

The presentation also addressed common mistakes in waste disposal and explained how improper segregation can negatively impact the environment. Real-life examples and quick questions were incorporated to encourage student participation and make the session more engaging. The discussion further emphasized how simple segregation practices can be followed both on campus

and at home.

Following the presentation, students participated in an engaging activity titled “Clean&Green Word Search.” Participants were required to identify seven key terms associated with cleanliness and sustainability:

- Cleanliness
- Hygiene
- Sanitation
- Recycling
- Segregation
- Sustainability
- Awareness

The activity served as a fun way to reinforce the concepts discussed during the presentation while encouraging active participation.

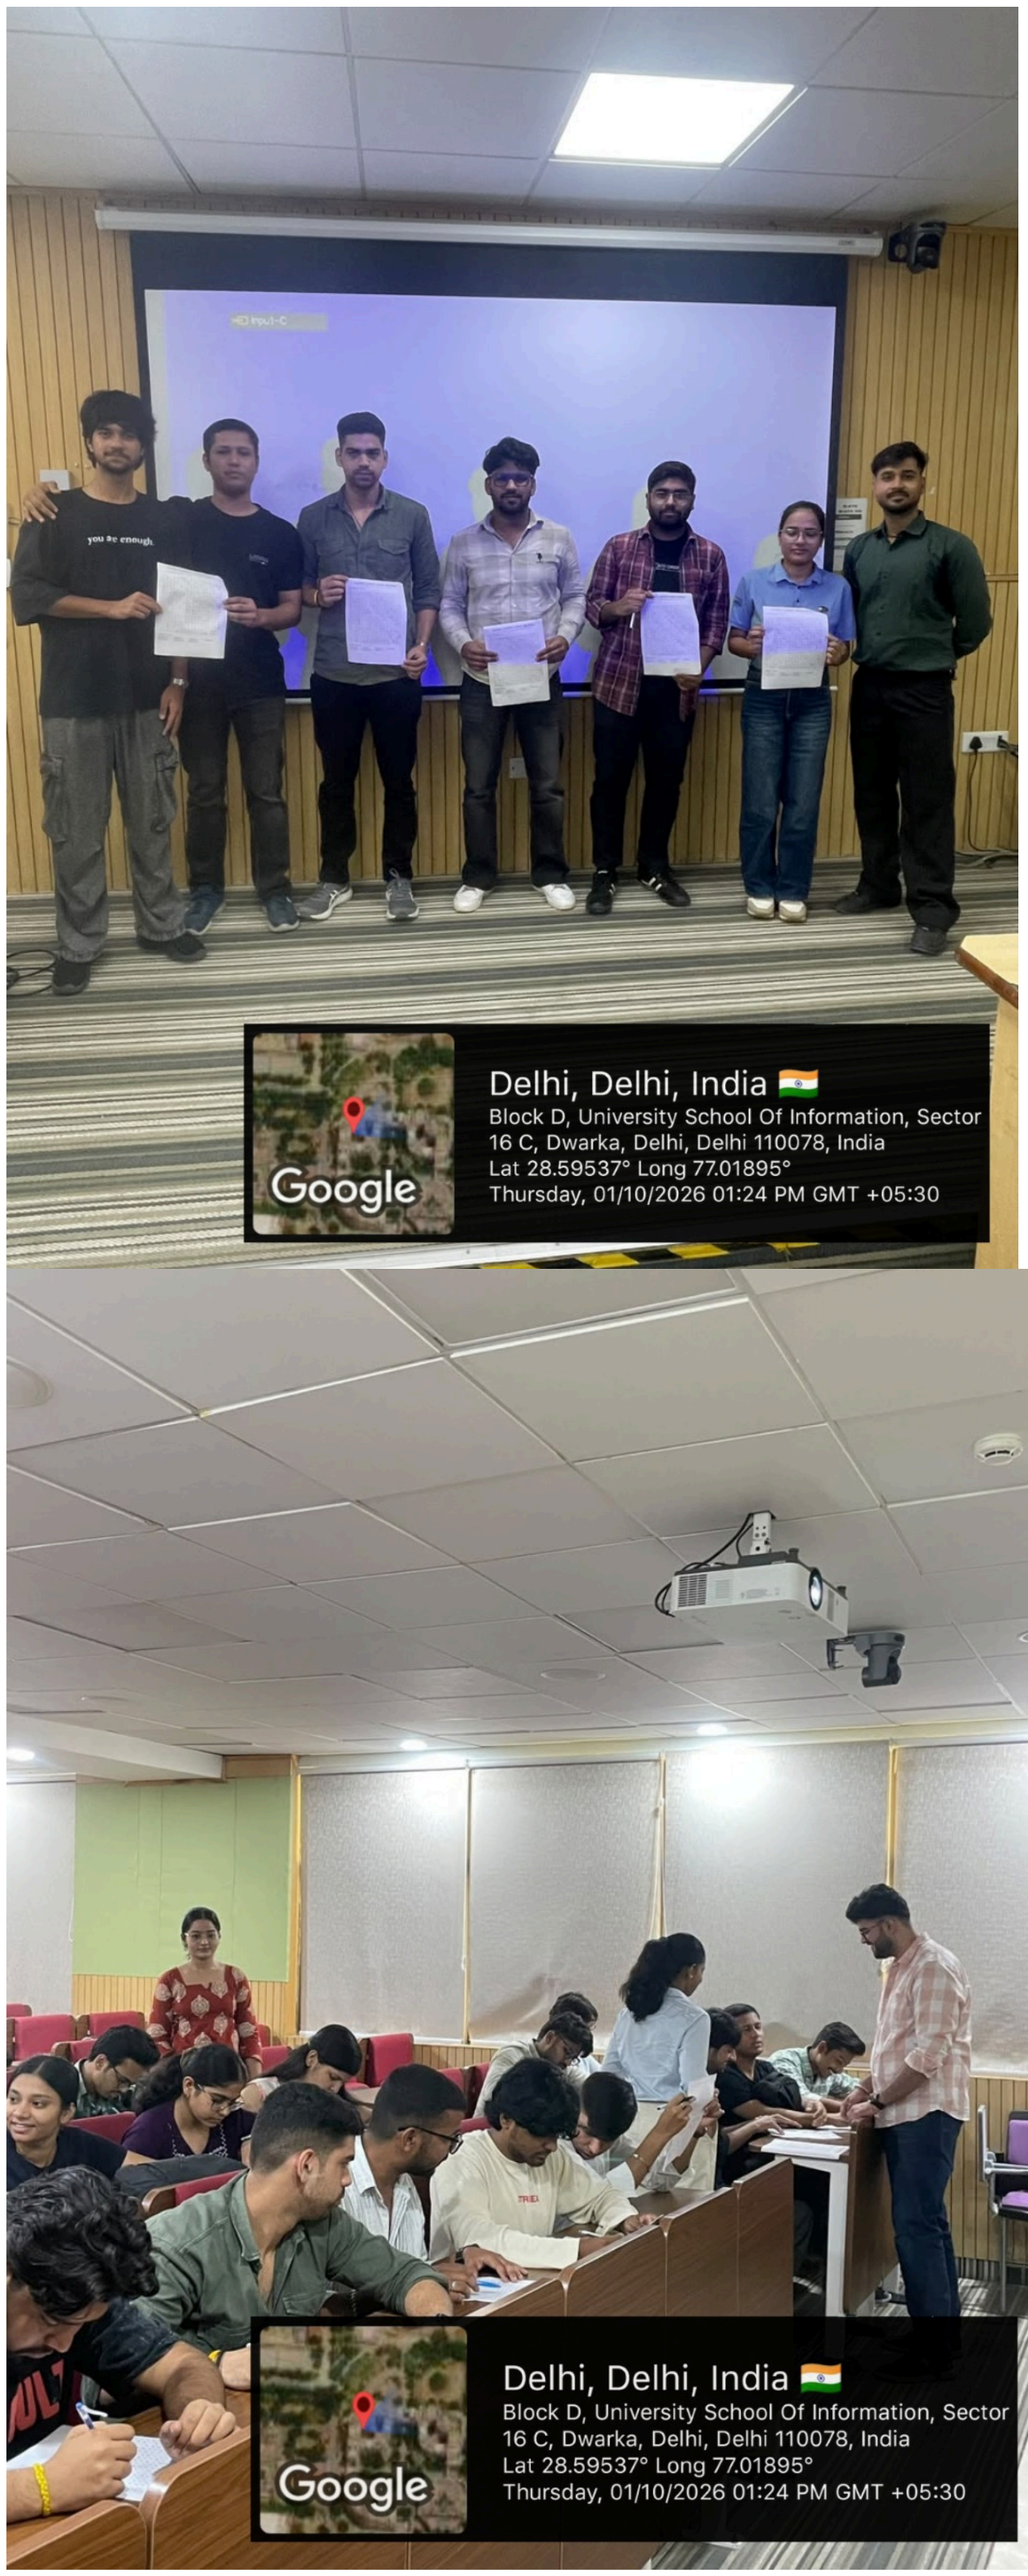

Outcome

The Swachhata Abhiyan successfully created awareness among students regarding responsible waste management and sustainable cleanliness practices. Through a combination of informative content and an interactive activity, students were encouraged to understand that maintaining cleanliness is not merely a collective responsibility but also begins with individual everyday choices.

Conclusion

The event concluded with a renewed emphasis on the message “Clean Today, Sustain Tomorrow,” encouraging students to practice proper waste segregation and adopt environmentally responsible habits in their daily lives. The initiative provided an informative and engaging platform for students to reflect on their role in creating a cleaner and more sustainable environment.
