Organised by	Google Developer Group (GDG) on Campus, USAR, GGSIPU
In association with	Google Gemini Student Ambassador
Format	Capture the Flag (CTF)
Mode	Offline (in person)
Venue	University School of Automation & Robotics, GGSIPU East Campus, New Delhi
Prize pool	₹50,000

2. Introduction

CipherQuest was a Capture the Flag (CTF) event conducted by GDG on Campus USAR at the University School of Automation & Robotics, together with the Google Gemini Student Ambassador. The event offered a prize pool of ₹50,000.

It gave students a competitive platform to test their problem-solving and technical skills in an in-person setting on campus.

3. Objectives

- To give students hands-on experience of solving challenges in a Capture the Flag format.
- To encourage problem solving, analytical thinking and teamwork among students.
- To bring a competitive technical event to campus in association with the Google Gemini Student Ambassador.

- To motivate participation through a substantial prize pool.

4. Event Description

CipherQuest was held in person at USAR as a Capture the Flag event. It was planned and conducted by the GDG on Campus USAR team in association with the Google Gemini Student Ambassador.

5. Prize Pool

A total prize pool of ₹50,000 was offered for the event, in addition to the recognition of taking part in a campus-level competition.

6. Conclusion

CipherQuest gave students an opportunity to compete and apply their technical skills in a Capture the Flag setting. The event added to the technical activities conducted by GDG on Campus USAR during the academic year.
